## PAINE'S Celery Compound.

Earnest and Candid Statements Made by a California Lady.

The absolute need of an honest and genuine invigorator and health giver in the spring season is deeply impressed on the mind of every thinking and intelligent man and woman.

The happy cure of Mrs. J. E. Wilcox, of Winters, Cal., through the use of Paine's Celery Compound, created wide-spread astonishment and joy amongst her friends and neighbors who were exceedingly anxious regarding her condi-

The best medical treatment failed even to give Mrs. Wilcox a few days of relief from her sufferings of mind and body. At last, Paine's Celery Compound saved her from a terrible end and planted her feet firmly on the rock of health. Read Mrs. Wilcox's letter of testimony, dear reader, and if you remain obdurate and unbelieving after such an carnest and convincing confession of cure, nothing but a direct act of Providence can snatch you from the dangers and peril of your position. Mrs. Wilcox

"I feel it my duty to tell you what Paine's Celery Compound did for me. Some years ago my head troubled me so that it seemed I should be crazy. It was caused by overstudy. I asked the advice of two doctors who gave me medicine to no effect, and I did not know what I would do. I did not want to see any one, everything seemed so strange I had a tired, lagging feeling, my bowels were out of order, my kidneys troubled me, and I felt badly, but before I had taken half of one bottle of Paine's Celery Compound I felt like a new person. Four bottles cured me and I would recommend it to all who feel the way I did. I can't praise it half enough, for I know it saved my life and kept me from Imprisonment in an insane asylum, which is as bad as death."

### "Saved My Life and Kept Me MOODY'S SUCCESSOR TO HOLD UNION REVIVAL IN ST. LOUIS.

Series of Meetings, Participated in by All the Protestant Evangelical Churches of the City, Begins at the Pilgrim Congregational Church Sunday Afternoon, Led by the Reverend G. Campbell Morgan.

THE REVEREND G. CAMPBELL MORGAN, Who will begin a two weeks' series of union evangelistic meetings at Pilgrim Congregational Church next Sunday afternoon.

For the first time in years, all the Protestant evangelical churches of the city have united in a series of evangelistic meetings. These will be held in the Pilgrim Congregational Church, Washington and Ewing avenues, and will begin next Sunday afternoon at 4 o'clock. The central figure in the entire series is the Reverend G. Campbell Morgan, successor to the late Dwight L. Moody, and formerly of London, Eng-

Mr. Morgan is a unique character. Tall. angular, intellectual and highly educated, in many respects he closely resembles the Reverend B. F. Meyer, and is closely assoclated with him in furthering the interests of the Keswick movement in England. From mere boyhood Mr. Morgan has been actively engaged in Christian work, having preached his first sermon at the age of 13. His ministry has been wholly in the English Congregational Church, where he has been eminently successful. His last charge, before coming to the United States, was the New Court Congregational Church, Tollington Park, in North London. Here his labors were marked with great activity in all departments of the work. In the fall of 1991 Mr. Morgan was prevailed upon to give up this promising work in Lendon and take entire charge of the Northfield Extension work, which was so dear to the heart of Mr. Moody.

Preliminary to the Morgan meetings, two union prayer meetings will be held at the Pilgrim Church, one to-night and the other to-morrow night. The one to-night will be led by the Reverend Doctor J. F. Cannon, pastor of the Grand Avenue Presbyterian Church, and the one to-morrow night by the Reverend Doctor R. D. Smart, pastor of the Cook Avenue M. El Church, South, It is expected that there will be a large attendance at both these services. During the meetings there will be two services each day, one at 4 p. m. and the other at 8 p. m. The doors of the church will open at 329 and 7.39 p. m., and the auditorium will seat 1.490 persons comfortably. Arrangements have been made for an overflow meeting if necessary.

The song service will be a strong feature of the meetings and will be conducted by Mr. R. \*O. Bolt, with the assistance of a chorus of at least 1,000 trained voices. The first rehearsal of this chorus will take place to-night at Pilgrim Church, and during the meetings the gallery will be largely reserved for the chorus. A special hymnal has been compiled for the occasion. Preliminary to the Morgan meetings, two

on evangelistic meetings at Pilgrim Congrext Sunday afternoon.

Mr. Morgan lectures under and is supported by the Northfield Extension movement, and comes to this city under the auspices of the St. Louis Evangelical Alliance, which includes all the Protestant evangelical churches of the city. His work during his two weeks' stay in St. Louis will cover two distinct lines: The afternoon meetings will be devoted to special Bible study, while the evening meetings will be distinctively evangelical in character. The churches of the city are expecting great things from the meetings.

The General Committee in charge of the meetings is composed of the Reverend Doctor M. Burnham of Pilgrim Congregational Church, the Reverend Doctor J. F. Cannon of Grand Avenue Presbyterian Church, the Reverend Doctor B. P. Fullerton of Lucas Avenue Cumberland Presbyterian Church, the Reverend Doctor B. P. One Hundred and Ninety Gushers Have Been Brought In to Date. REPUBLIC SPECIAL.

Beaumont, Tex., March 12.-Gushers have been brought in so rapidly and some of them have changed hands so often that it is hardly possible to keep a correct record of them. However, it is known that the number now in the field is not far from The amount of oil that these wells are capable of producing is almost beyond computation. If each well was turned loose and allowed to flow only 1,000 barrels per day, the total output for a day would be 190,000 barrels. For a month it would be 5,700,000, or nearly two billion barrels for a year.

5,700,000, or nearly two billion barrels for a year.

The selling of small tracts to oil companies or individuals has received a new impetus lately, and those portions of Spindleton that have not heretofore had many wells sunk will soon be studded with derricks. The Keith-Ward and Yellow Pine tracts are becoming almost as thickly covered with derricks as the Hogg-Swayne tract, and other portions of the field are also being cut up into small tracts.

More contracts are now being let for wells than ever before in the history of the field, and all of the drilling rigs are busy, whereas a few were idle a month or two ago.

or two ago.

It is not likely that much prospecting will be done off Spindletop for several months, since all of the rigs are busy on the gusher since all of the rigs are busy on the gusher territory.

The four deep wells that are now being sunk off the hill are still going down, with the exception of the well being sunk by the Federal Crude and other companies. Work on this well is stopped temporarily because of an exhaustion of funds. It is believed, however, that money to sink the well to a greater depth will be raised shortly.

### ROOSEVELT TO WRITE HISTORY OF TEXAS.

Tells Colonel Houston That He Will Execute Plan After Retiring From Office.

Republic Bureau, 14th St. and Pennsylvania Ave. Washington, March 12.-President Roose velt to-day received and had a pleasant talk with Colonel Andrew Jackson Houston of Texas, a grandson of General Sam Houston. Colonel Houston was introduced by Representative Burleson of Texas. President Roosevelt told his callers that, when he leaves the White House, he is going to write a history of Texas.

When General Sam Houston was commander of the regular forces of the Texas Republic, General Burleson, grandfather of Representative Burleson, was commanderin-chief of the volunteer forces. When General Houston became President of Texas General Burleson became Vice President. President Roosevelt is familiar with Texas history, and talked for some time with Colonel Houston.

Representative Cooper introduced Henry Miller of Beaumont. Mr. Miller desired to ask the President to nominate Judge H. W. Rhodes of Beaumont for Judge of the new Federal district of Texas about to be created by Congress. The new district will give four district courts in Texas. The President said he would consider .Judge Rhodes's name.
